Must-have shots

- Box hero shot (no people) among diyas – for posts too
- Macro of 2–3 question blocks (English & Hindi) – readable on screen
- Son's thinking face and "Sahi jawab!" reaction
- Tower fall from 2 angles (3–4 takes)

Director tips

- Pick 3 questions the child can answer (Dashrath, Shabri's ber, Ravan) – check they are printed on the blocks and keep those blocks handy.
- Play for real; if the tower falls early, keep it as a blooper for Stories.
- Keep diyas away from where blocks fall; LED diyas only near the child.
- Signed parent consent before filming.
